PHAM HONG HIEU (HAVEN)

Supply Chain & Data Analyst | SQL · Python · Power BI

Taoyuan, Taiwan | havenpham63729@gmail.com | LinkedIn | GitHub | Portfolio

PROFESSIONAL SUMMARY

Supply chain analyst with experience in purchasing, Oracle ERP inventory control and international freight forwarding; Global MBA candidate in Taiwan (GPA 4.00/4.00, ranked 1st of 28). Builds SQL, Python and Power BI analyses that quantify where operations lose service level and margin; co-author of a paper accepted at the 2026 CSMOT Annual Conference.

EDUCATION

Global Master of Business Administration (Global MBA) **Feb 2025 – Present**
Yuan Ze University, College of Management Taoyuan, Taiwan
- GPA 4.00/4.00 · Ranked 1st of 28 (Semester 2) · Outstanding Dedication Award (2026) · Master's scholarship
- Thesis: technology convergence across 8.5M USPTO patents (1976–2025) using Python, DuckDB and growth-curve models

Bachelor of Logistics and Supply Chain Management **2020 – 2024**
Ho Chi Minh City University of Technology and Engineering (HCM-UTE) Vietnam
- GPA 8.46/10 (Distinction) · Academic Encouragement Scholarship · Logistics Hub competition: 14th of 63 teams

WORK EXPERIENCE

Supply Chain Planner | Hoa Sen Group (steel and building materials), Vietnam **Oct 2024 – Apr 2025**
- Monitored suppliers and purchase orders for domestic and imported goods, resolving customer and supplier issues.
- Tracked inventory in Oracle ERP, coordinated stock transfers and prepared operational reports.
- Set inventory standards for warehouses and distribution points nationwide.

Sales Logistics Staff | Kodai Sangyo (Vietnam) Co., Ltd. (freight forwarding), Vietnam **Jul 2023 – Aug 2024**
- Prepared sea and air freight quotations with shipping lines and overseas agents.
- Planned refrigerated shipments around sailing schedules, customs clearance, C/O, phytosanitary and cut-off times.
- Won new customers via e-mail, calls and meetings; negotiated contracts and payment terms and tracked receivables.

Export & Import Trainee | Viet Logistics, Vietnam **Jan 2023 – Jul 2023**
- Prepared invoices, packing lists, certificates of origin and shipping instructions; classified goods with HS codes.
- Checked rates and booked carriers, applying Incoterms 2010/2020 and payment methods (L/C, T/T, D/P, D/A).

PROJECTS

F&B Supply Chain Analytics (NordFresh Distribution) | *Python, Power BI, DAX* Portfolio
- Built a star schema (2,200 order lines, 5,040 stock snapshots) and a Power BI dashboard with 37 DAX measures.
- Strict OTIF 89.4% vs 95% target; two suppliers with 26% of orders caused 55% of late orders and $64.0K of late/short sales.

Transport OTIF Root-Cause Analysis (BharatLink Freight) | *Python, statistics, Power BI* Portfolio
- Analysed 3,582 GPS-tracked FTL bookings (OTIF 38.6%); the flat 100-hour ETA made every trip over 1,200 km infeasible.
- Built a 4-rule early-warning score (72% precision, 82% recall out-of-time); with carrier re-tendering, targets +11.8 pp OTIF.

E-Commerce Cohort, Retention & Profitability Analysis | *Python, pandas, pytest, GitHub Actions* GitHub
- Analysed 51,290 order lines from 17,415 customers: 2023 sales +24% but profit −12% as margin fell from 18.0% to 12.8%.
- Repeat buyers (31% of customers) earn 56% of profit; discounts above 20% lost $288.6K. Packaged with tests and CI.

ProtoSetFit: Few-Shot Text Classification (team of 3) | *PyTorch, Hugging Face* Portfolio
- 2×2 SetFit ablation (8-shot, 5 seeds, permutation tests, Holm): hard-negative mining 51.94% vs 51.08% baseline.

RESEARCH

Lifecycle Trajectories of First-Time and Subsequent Technology Convergence: Evidence from USPTO Utility Patents, 1976–2025
Accepted, 2026 · CSMOT Annual Conference, National Cheng Kung University · with Prof. Chih-Hung Hsieh

SKILLS & CERTIFICATIONS

Analytics & BI: SQL (HackerRank Advanced), Python (pandas, SciPy), Power BI (DAX), Excel, statistics, data storytelling
AI & Research: PyTorch, Hugging Face, sentence-transformers, DuckDB, patent analytics, reproducible experiment design
Supply Chain & ERP: Oracle ERP, SAP Business One, Odoo, supply planning, inventory control, import/export
Languages: Vietnamese (native), English (TOEIC 840/990), Mandarin (TOCFL Level 2, A2)
Certifications: HackerRank SQL (Advanced), DataCamp Power BI, Coursera Supply Chain Analytics (Rutgers) and Planning (UC Irvine) | verify all 22 certificates
